WAR ENDS!!

**Armistice is Signed at 2:50
Monday Morning, Nov. 11**

NATION WILD WITH JOY

**Pres. Wilson Says Everything for Which
America Fought Has Been Attained.
Conditions of Surrender Drastic.**

Victory—and peace.

After more than four years of struggling, the rights of mankind are served. The greatest day in the history of nations dawned Monday.

The German militaristic classes—arrogant beyond expression—are in defeat.

Kaiser and crown prince are gone—refugees in an alien country. Germanic kings and potentates no longer hold their way.

The allied armies are triumphant. Imperialists. Germany has met the fate that ultimately must come to any country that seeks to rule the world.

The armistice was signed at 5 a. m., and hostilities ceased at 11 a. m. Monday, French time (that is, 11 p. m., November 10, and 5 a. m., November 11, Hickman time).

Evacuation of all the invaded territories, including Alsace-Lorraine, reparation of all damage done, occupation by allied forces of principal gateways to Germany, handing over of the principal units of the German high seas fleet, surrender of enough war materials to positively disarm the German forces and the occupation by American and allied forces of strategic gateways to Germany to enforce the fulfillment of terms are the principal features of the armistice requirements.

Complete destruction of the German military machine which brought on the war is provided for and the way paved for reparation for the damage it wrought.

With the whole country wild with joy over the war coming to an end makes it difficult to tell all that happened here. The entire citizenship leaped with joy as soon as the news came that Germany had surrendered.

The Kaiser, together with some of his princelings and war lords have been interned in Holland. They got down and out about the time the crash came. The empire was soon in the throes of a great revolution and chaos reigned.

The triple alliance and the once powerful German military machine is now a thing of the past.

Hickman Celebrates.

On the heels of the news of Germany's surrender—which reached this city about 3 o'clock Monday morning—Hickmanites began celebrating the good news with the firing of guns, ringing of bells, blowing of whistles, but in a more subdued manner than last Thursday afternoon, when the false report was received. Monday evening, however, when the peace news was officially confirmed, everybody turned out en masse and gave the great event a noisy welcome. At 6:30, by pre-arrangement, all locomotive, factory, cotton gin, fire and other whistles were "tied down," and from then until 12 o'clock there was one continuous din. Every kind of noise-making device was brought into action, including fireworks. The crowd paraded, sang, shouted, and with flying flags kept up the rejoicing until the delirium of joy spent its force through sheer exhaustion. It was merely a reproduction of the jorfeasts held in every town and city in the land; where tears and laughter mingled in profound gratitude for the triumphant and fitting end of the world's most bloody struggle. Messrs. Ham and Ramsey, of the evangelistic party, entertained the tired marchers for thirty minutes "between acts" with patriotic speaking. Rev. Ham paid special tribute to the greatness and goodness of Pres. Wilson—the statesman, God-fearing gentleman, and foremost citizen of the world today. Under the leadership of Mr. Ramsey, the crowd joined in "Three Cheers for the Red, White and Blue." Fortunately the celebration passed without any accident—due in large measure to the fact that Mayor Caruthers issued orders that no fire arms be discharged on Clinton street.

Uncle Sam Did It.

Deserted by all her allies, Germany, on her knees, is accepting terms of capitulation which amount virtually to abject surrender. Except for actual hostile military invasion, the once great European power, the ambition of the monarch of which was to dominate over all, is in complete defeat. Beaten on the field of battle, the

edict of the allied chief command is that the German armies shall retire into their own home land from invaded territory. Impotent as the German armies shall be, also as impotent shall be the German fleet. Colonies are lost, and the hand that sought to reach out and attain additional territory is withdrawn by the ruling of the supreme war council at Versailles.

Reparation and restitution, in fact, full compensation of all kinds, is to be made by Germany for all the disaster that has followed her armies and those of her allies throughout the world war.

The handwriting was on the wall for Germany. Her troops had fought valiantly throughout the more than four years of warfare. But what had been considered in Germany an invincible army was beaten in feats of arms by the allied powers. Even before Germany's allies deserted her, the strength of the enemy allies had become apparent. Unprepared, they had resisted for more than three years the assaults of an enemy who had been preparing for combat since the Franco-Prussian War.

With a determination that could never recognize defeat, Belgium, Italy, France, Servia and Russia were overrun. Hard days were experienced by the allies, but the smile of hopefulness—of satisfaction in ultimate success—never faded. When finally the United States was drawn into the war by Germany's continued violation of international law and of the precepts of humanity, the gleam of the dawn of victory for world democracy rose in the sky. Uncle Sam turned the tide for allied victory. Without our aid, Germany would no doubt have been triumphant. When our boys—boys like those sent from Fulton county—appeared on the firing line, the drooping spirits of the war-weary allied troops revived—and from the time our boys got there, business picked up and their courage never wavered again for an instant. It was a straight road to victory.

Draft Call Cancelled.

The Fulton County Local Board received a message from Maj. Rhodes

of Kentucky, Tuesday, stating that Provost Marshal Crowder had cancelled all draft calls. This is good news to the 28 Fulton county boys who had just been notified to get ready for entrainment to Camp Taylor. As a matter of fact they would have gone some time ago had the influenza epidemic not broken out.

Analysis of Terms.

An analysis of the terms imposed upon Germany shows them to be even more drastic than those being enforced against Austria, Bulgaria and Turkey. From a military standpoint all of these powers have been stripped even of the means of defense. The object sought—absolute prevention of a recurrence of hostilities—is the same in each case, and in general the same character of concessions were required, though in Germany's case there was no necessity to provide for future campaigns against a remaining enemy.

The surrender of 5,000 cannon, 2,000 airplanes and other war material in proportion, military men say, means that for years to come the German states will be unable to think in terms of armed force against any of the powers associated against them. Austria, Bulgaria and Turkey are in the same state as to military essentials, even if the complete political disintegration of Austria-Hungary had not virtually disposed of danger from that source.

The strength of the German navy has been cut away by the agreement to surrender 180 submarines, six battle cruisers and 10 battleships, 50 modern destroyers and many other craft. At this single stroke Germany would lose its whole modern fleet. The ships

which remain are chiefly of the pre-dreadnaught days and other obsolete types.

Heligoland Taken.

It was noted by officers that Marshal Foch and his naval advisers had not lost sight of the mutiny within the German fleet and the possibility that this might interfere with the carrying out of the armistice naval terms. The occupation of Heligoland as an advanced base by the allies in case the specified ships are not promptly surrendered, is designed to render the German fleet harmless in any case and its destruction certain in the end.

It was noted also with satisfaction that ample precautions had been taken in the terms against the erection of any interior defenses behind the Rhine. The occupation of Rhine defenses and of a 20-kilometer zone on the right bank of the river, wherever a bridgehead is to be protected gives absolute domination of the 40-kilometer neutral zone established east of the Rhine to the allied forces, even without the fortification of any cities or other points within the zone. The way is to be kept open continually for advance into the heart of Germany by a dozen routes across the great river.

Here are the principal things Germany must do, or promise before the victorious allied armies will have done for her:

Immediate evacuation of Alsace-Lorraine, Belgium, Luxembourg, Russia and Roumania, without further destruction or harm to inhabitants.

The occupation by American and allied troops of all the countries on the west bank of the Rhine.

Then, further, creation of a neutral

zone in a strip of territory on the east bank of the Rhine 30 kilometers (about 30 miles) wide, extending from Holland half way down to the Swiss border, and 20 kilometers wide for the remainder.

Fall Back on Rhine.

Meanwhile, as a guaranty of good faith, the occupation by American and allied troops of Mayence, Coblenz and Cologne, the principal crossings of the Rhine, with a 30-kilometer radius about the bridgeheads.

On the eastern front all German troops are to be withdrawn from territory which before the war belonged to Russia, Roumania or Turkey.

Then the German war machine must disarm. The principal portions of its navy must be handed over; arms, munitions and engines of war numbered by the thousands are to be taken from the army.

American and allied prisoners are at once to be repatriated, without reciprocal action by the associated governments, and the thousands of wretched civilians dragged off into slavery from the invaded territories are to be returned.

The provision of compensating the occupied territories for the havoc wrought by the invaders is contained in a single sentence—"reparation for damage done."

As a step to restoring the map lines, the treaties of Brest-Litovsk, which laid Russia prone, and of Bucharest, which plundered Roumania, must be abandoned. Money, securities, provisions materials and other valuables looted from the invaded countries must be returned in trust to the allies until the conclusion of peace.

In the west, the railways of Alsace-

Lorraine, the valuable stores of iron and coal, all the stores and supplies in Belgium, with armament, must be turned over.

Blockade Remains Intact.

In the east the Black Sea ports must be evacuated, the warships taken by Germany from Russians must be surrendered; in the Baltic, forts and defenses barring the way at the Catagat must be delivered and there must be free access to the sea for the allies.

The allied blockade is to remain unchanged. Meanwhile German merchant ships are to be delivered for missions of mercy in carrying food to the starving; allied shipping held by the Germans is to be released without any obligation to restore to Germany her ships now in the hands of the associated governments. Germany is to notify the neutrals they are free to trade with the associated governments without molestation.

In a word, the iron ring is tightened and at her borders the civilized world awaits while Germany reforms herself from within.

The duration of the armistice is 30 days, and various periods are specified within those 30 days for compliance with certain specific terms.

One provision of the armistice, which was supplementary to the text as first drawn by the supreme war council and therefore does not appear in the text as President Wilson delivered it, was inserted after the German revolutionaries took possession of the German fleet. It provides that if the fleet is not delivered as specified in the agreement the associated governments may occupy the Heligoland fortress as an advanced base to secure possession (Continued on back page)

Overcoats

*you will be proud of
the coat and the price*

Overcoats require fabrics of heavy weight and the long models take more cloth than a suit.

That is the reason why good overcoats as a rule cost so much now.

The Styleplus idea of concentrating big value on a few grades puts extra value into the clothes because it reduces costs.

This explains why Styleplus overcoats are possible this year at prices never considered unreasonable even in normal times.

Styleplus Clothes
\$25-\$30-\$35

Each grade the same price the nation over

Three grades in Styleplus overcoats: \$25, \$30 and \$35—the latter including the longer and heavier models.

Two grades in Styleplus Suits: \$25 and \$30.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's
Vegetable Compound, One
of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

GIRLS! LEMON JUICE IS SKIN WHITENER.

How to make a creamy beauty lotion
for a few cents.

The juice of two fresh lemons strained
into a bottle containing three ounces
or orchard white makes a whole quar-
ter pint of the most remarkable lemon
skin beautifier at about the cost one
has to pay for a small jar of the ordi-
nary cold creams. Care should be
taken to strain the lemon juice through
a fine cloth so that no lemon pulp goes
in, then this lotion will keep fresh for
months. Every woman knows that
lemon juice is used to bleach and re-
move such blemishes as freckles, sal-
lowness and tan and is the ideal skin
softener, whitener and beautifier.
Just try it! Get three ounces of
orchard white at any drug store and
two lemons from the grocer and make
up a quarter pint of this sweetly frag-
rant lemon lotion and massage it
daily into the face, neck, arms and
hands. Adv.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver
and you lose a
day's work.

There's no reason why a person
should take sickening, salivating cal-
omel when a few cents buys a large
bottle of Dodson's Liver Tonic—a per-
fect substitute for calomel.

It is a pleasant, vegetable liquid
which will start your liver just as
surely as calomel, but it doesn't make
you sick and can not salivate.

Children and grown folks can take
Dodson's Liver Tonic, because it is per-
fectly harmless.

Calomel is a dangerous drug. It is
mercury and attacks your bones. Take
a dose of nasty calomel today and you
will feel weak, sick and nauseated to-
morrow. Don't lose a day's work.
Take a dose of Dodson's Liver Tonic
instead and you will wake up feeling
great. No more biliousness, constipa-
tion, sluggishness, headache, coated
tongue or sour stomach. Your drugg-
ist says if you don't find Dodson's
Liver Tonic acts better than horrible
calomel your money is waiting for
you. Adv.

GRAND LODGE.

Kentucky Masons to Meet at Louisville November 26.

The grand officers of the Masons of the state held a meeting in Louisville a few days ago and decided to hold the Grand Lodge in that city for three days, beginning on Tuesday, the 26th of November. The regular meeting in October was called off by the Grand Master on account of the prevalence of influenza over the country.

Hickman Masonic bodies will send two delegates—one from the "Blue Lodge" and one from the chapter.

PREPAREDNESS.

This is the slogan of the wise men. Stock are continually exposed to cuts, wounds, scratches, etc. The man who is prepared has his healing remedy on hand to stop all chances of blood poisoning. Farris' Healing Remedy is Highly Antiseptic. It is economical. One 50c bottle makes \$2.00 worth of a healing oil or ointment. Money refunded if you are not satisfied.—F. E. Case.

Voluntary early closing of business houses as a conservation measure is urged by the Kentucky Council of Defense in a formal statement issued by Chairman Edward W. Hines. It is suggested that the business day commence at 8 o'clock and close at 5 o'clock.

STITCHERY AND BUTTONS ON LITTLE FROCKS

Whatever else it may have to commend it, the new wool dress for little girls is sure to have pockets and likely to be decorated with needlework. Here is one made of duo-tone blue mixture with white stitching of heavy floss embellishing the bodice and pockets. Large flat, white bone buttons are made much of in this dress.

COST OF WAR.

Great Struggle Was Most Costly of all Wars—in Men and Money.

The war cost of the world is made up approximately of the following figures:

United Kingdom	\$52,000,000,000
France	32,000,000,000
Germany	29,000,000,000
United States	20,543,471,000
Russia	30,000,000,000
Italy	12,000,000,000
Austria Hungary	20,000,000,000
Bulgaria and Turkey	5,000,000,000
Other belligerents	10,000,000,000

The allied nations have spent about \$157,000,000,000, while their enemies have spent about \$64,000,000,000.

Of the amount spent by the United States, \$7,732,000,000 represents credits to the allies.

The United States government's disbursements for the month ending Monday amounted to \$1,542,056,613.91, as compared with \$280,538,107.61 for the corresponding period a year ago, almost six times as much.

An estimate of the casualties of European nations during the war follows:

Germany	6,900,000
Austria	4,500,000
France	4,000,000
Britain	2,000,000
Turkey	750,000
Belgium	350,000
Bulgaria	200,000

With the unestimated casualties of Russia and others not included in the above list, the total casualties of the war is about 26,000,000 men.

Up to Monday—when the war closed—the American casualties given out by the War Department totaled 68,451 men, as follows:

Killed in action (including 397 at sea)	12,128
Died of wounds	4,719
Died of disease	4,739
Died of accident and other causes	1,423
Wounded in action	38,768
Missing in action (including prisoners)	6,674

It must be remembered that this list is a full month behind and that many casualties are yet to be reported. On account of intense fighting during the past month, the daily lists must necessarily run large—probably around a thousand daily—but as a whole our losses have been exceedingly small, considering the immense number of men engaged and the severity of the final days of the campaign.

WARD OFF COLDS WITH VIN HEPATICA

Bad colds are bad enough; sore throat is worse, and pneumonia often means death.

Guard yourself right now against these ailments by giving your system a thorough cleansing and toning up with Vin Hepatica. The atmosphere is full of the deadly germs now. There is no better preventive against disease than a thoroughly cleansed, healthy, purified system, with rich, red blood coursing through the veins. Vin Hepatica is nature's own remedy for cleansing and toning up the entire system and enriching the blood. It sets the liver to work, flushes the kidneys, makes the bowels act freely. It's truly a wonderful prescription. Come and get a bottle now. Helm & Ellison, Hickman, Ky. Adv.

NOTICE TO PATRONS.

It is generally known that all telephone and telegraph lines have recently been put under government control, and new regulations, applied to the conduct of the business. One of these regulations makes it necessary to cut out a lot of credit and delinquent business, and we cannot longer carry subscribers who are over 30 days behind on dues. We must cut you off if you do not pay up at once. If you are cut off and want to get back on the line, Mr. Burleson's orders are that a charge of "\$3 to \$5 to be reinstated" must be made. It will save you time and money and us trouble if you will come forward at once and pay up all back dues. Respectfully, A. W. Davis, Manager Hickman Ind. Tele. Co.

Kentucky has a speed limit on automobiles, and to exceed it at any time is a violation of the law. And the law is violated more than it is observed by most drivers. Automobile manufacture is now at its lowest ebb since the beginning of the business. Before it is resumed, why would it not be a good plan to have an automobile law providing that no new cars should be made or sold in this State that will exceed lawful speed limits? Such cars would be more powerful in heavy road pulls than the high geared racing cars now in general use, and would greatly outlast them. Besides, they would tend to a better law observance a thing to be greatly desired.

The battle of the ballots is over, and whatever we may think of the result it is a thing accomplished. Doubtless we think we could have improved the result, but good Democrats and good Republicans alike will accept the result with the best grace possible. This is a feature of our self-government that monarchists cannot understand, but it tends to peace and good government.

There are a few children even in the county of Fulton who can in earnestness pray the following prayer, which was uttered by a little girl who had been badly treated. She concluded her little prayer with this sentence, "And Lord please don't give my papa any more children. He don't know how to treat those he's got now."

Sheriff Walker and force were busy Saturday night and Sunday rounding up erring ones, who were indulging in minor violations of law. Most of them submitted—being charged with breach of the peace, etc. Among the lot were Elgie Clark, Curry Fields, B. W. Solis, Lex Speed, Ernest Gibbs, Clarence Vaden, Gordon Tharpe, Sullivan Farrow, Jim Bulletin and Nelson Clark (col.). Sheriff Walker says the law is going to be enforced. If the way of the transgressor is hard—it is not his fault; it is merely a case of those who dance having to pay the fiddler.

AVERAGE \$42.

2500 Acres, at Bondurant, Sold at Auction Thursday.

The big B. G. Hale land sale was held Thursday—although under unusual and unforeseen difficulties, viz: the celebration of the bogus peace news which was given out just as the sale started. Whistles, guns, horns, firecrackers and all kinds of noise producing agencies were going at full blast while the auctioneer screamed at the top of his voice trying to make himself heard. At times he was forced to suspend to await a moment of silence. The sale, however, was carried out, and the result was an average of about \$42 an acre.

The land sold was mostly unimproved bottom land, located in the vicinity of Bondurant, Ky., in the west end of the county. Sales were as follows:

A. B. Smith Lumber Co., of Paducah, 427 acres at \$80.
Chas. G. Nugent and Morgan Davidson, of Fulton, 213½ acres, at \$50.
Jerry Johnson, Clifton, 100 acres at \$63.
Jerry Johnson, Clinton, 160 acres at \$52.
W. L. Clements, Rives, Tenn., 600 acres at \$31.
G. W. Phebus and J. C. Davis, of Union City, 800 acres at \$27.
Total sales aggregated over \$102,000.

I Owe My Life to PERUNA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me so I cannot praise it too highly."

NO TAX REDUCTION

According to officials of the Treasury Department, Government financial needs are almost certain to run above \$4,000,000,000 annually for many years, and there will therefore be no reduction of tax burden. War debts must be paid and Secretary McAdoo says that additional loans will probably be required.

The War Industries Board now is gathering information as to the needs of men in occupations and trades, and as soon as vacancies arise men will be released.

The first post-bellum session at the cotton exchanges—Tuesday—was a hard hitter. They beat the price of cotton down 200 points or \$10 a bale, making a total loss of about \$10 since the decline started. It might have been worse were it not for a rule that prohibits values fluctuating more than 200 points in one day. Why the drop is hard to understand. Logically, it would seem that cotton values should go up.

LETTER FROM VICTRY.

Emery Victry, located at Camp Sheridan, Ala., writes his mother and father M. A. Victry, as follows:

"I will answer your letter which I received a day or two ago. I sure am sorry that you are sick. I hope when you get this letter that you will be well. Mother, I am feeling fine tonight and I hope you all are well. When I know you are all well I am all O.K. We are going to leave this camp in a few days but I can't say just where we will go; I guess we will go somewhere to get our outfit for France. Mother I don't want you to be worried about me for if I don't get to come home until the war is over I will come just as soon as I can, for I would give this world to see you all. I have lots more to worry about than you all have, for I have you all to study about, so don't just sit down and worry about me for that will do no good. Just think when this war is over what a happy time it will be. If I were the only boy that was away it would be different, but there are millions of boys in the same fix, so just think of the other mothers in the same fix you are. Well, mother, I guess I will be in France in a few weeks from now, but if I go to France I think the war will soon be over, if it is not when they get these old Tennessee boys the war will soon be over then for those Germans can't stand the U. S. boys. I want to get over there with them for the best in the U. S. is over there. Mother, influenza didn't get me and I don't believe any of the Germans can get a boy like me, but if they should, I hope the good Lord will let me get as many as ten of them, for they are the cause of me having to be away from home now. Well, I sure was sorry to hear that Griffin Cook was dead and I am sorry that Mrs. Ladd's folks all have influenza for it sure is tough for I had a bad case of it and it came near getting the best of me. Tell them they have my sympathy and best love. There have been lots of the soldiers died with the influenza, three out of my company have died with it. Mother, tell Mary and Katie hello for me and give them my best love and respect. Tell Mr. Bob I guess I will go to no man's land before I get to see them again, but I want them all to write to me. Tell Flora Jones I would give anything to be there and pick cotton with her. Mother, they are here I see him every day. The worst thing I like about the army I can't get to go to church like I could if I were at home. Well, I got the box you sent me but the cakes were ruined, however, I was sure glad to get that good tobacco for I can't get any like that out here. Tell Mitchell if he was here tonight he could hear some guns for they are raising sand with these big guns tonight. The army is a hard place but a fellow soon gets so he likes it for he gets plenty to eat the most of the time and some times he don't get much of anything for two or three days, but that goes with the army. Tell Clyde Hello for me. If I could see him I would hug him so tight that he would not be able to beat me when he got loose. Tell papa and sister hello for me. I would give anything in this world to see you all. Mother, if I had time I could write all night and then I would not be half through, so I guess I had better close as it is getting late, for I can write when I get ready now, but when I was at the hospital I never had much chance to write for it was hard to get any paper and stamps. Well, I hope when I hear from you all again you will be well for it worries me when any of you are sick. I will close for this time, hoping to hear from you all real soon and a long letter. From your loving son, Emery Victry. May God be with you all till we meet again, and I want all the good people to pray for me. A soldier has a hard time trying to serve the Lord but my faith is as strong tonight as ever. I mal go to France but I have good hopes of coming back, so good night to all.

BUCK CAMPBELL DEAD.

Buck Campbell was born in Clay county, Tenn., April 19, 1895. He departed this life at Hickman, Ky., Nov. 1, 1918, at the home of his mother, Mrs. Mattie Campbell. Buck was a good boy, and was much liked by those who knew him. In his last hours he claimed confidence and faith in Jesus. He bore his suffering with patience, and committed himself to Him who does all things well. Funeral services were held by Rev. H. S. Jenkins.—Contributed.

REPUBLICANS CONTROL.

It is a settled fact that the Republicans beat us in the November elections. They will control both the House and Senate. Whether they will take advantage of the opportunity to embarrass the administration remains to be seen, but its a cinch they are going to name and control all the important committees. There is evidently an unstable, vacillating, flop-over brand of Democracy in several states.

HATS FOR MAIDS AND MATRONS

The group of hats shown here will repay a little study, for each of them embodies some new style. At the top there is a black velvet hat in which the velvet is draped over the crown loosely. The brim is covered smoothly with it but at the left side a section is made of malines. A wreath of burnt ostrich feathers lies about the brim.

Just below is a high-crowned hat in brown velvet. This model is intended for matronly wearers. The pretty round turban at the bottom of the group has one of those crowns of folded ribbon. Its brim of velvet and its trimming a sprightly bow.

A SAD DEATH.

Mrs. Clois Stone Died Yesterday Morning of Pneumonia.

One of the saddest deaths that has occurred here in some time was the unexpected call to eternity of Mrs. Clois Ledford Stone—who departed this life yesterday morning at 7 o'clock, following a brief illness of pneumonia. Her death was a great shock to family and friends; as her condition was not thought so serious until in the last few hours of life. As a matter of fact she was forced to her bed only four days before, but developed pneumonia in both lungs. She had recently recovered from an attack of Spanish influenza and suffered relapse.

Clois Ledford Stone was a fine young woman. Her home was almost next door to the Courier office and we feel that we know her—as from day to day she passed from childhood to womanhood almost in our very presence. Her life was pure, sweet, noble. Her very personality radiated sunshine—love—kindness. She was only 21 years old. About three years ago she was united in marriage to Roscoe Stone, and their union was blessed with a sweet little son, now about 16 months of age. Besides leaving her husband and this little one—she is the only daughter of Mrs. T. A. Ledford, with whom the couple made their home, and by whom she is survived, and one brother, Bryant. Her death is more than sad—it is a tragedy. It will be remembered, too, that on December this home was visited by the death angel and father and husband was taken from them.

Deceased was born and reared in this city—in the very home where her spirit took its flight. It is needless to add that she possessed many friends and was loved and esteemed by all who knew her.

Funeral services are to be held tomorrow (Friday) afternoon at 2:30 o'clock, Rev. R. C. Douglass, pastor of the First Methodist church of which deceased was a member, will conduct the service. Interment will occur at the city cemetery.

The bereaved ones have the heartfelt sympathy of everyone in this dark hour.

Cayce B. Parrish has resigned his position with the Farmers & Merchants Bank and will leave shortly for Memphis, where he has a position with the W. T. Rayleigh Mfg. Co., as office manager. Mr. Parrish has been in Hickman for a number of years, coming here as local manager of the Cumberland Tele. Co., and later with the bank, where he has been about two years.

F. M. Provost, ill with flu, is reported to be better. For three days and nights he was unable to get rid of hiccuph.

FLU SITUATION.

People Must Observe Rules to Make Order Permanent.

The Fulton County Board of Health met in Fulton Tuesday, together with the Council of Defense Committee, and decided to raise the "flu" regulations, upon certain conditions, to-wit: That churches, schools, theatres and other places of assembly be kept thoroughly ventilated and that ministers, teachers and others in charge will see that no persons with symptoms of influenza, common cold, or sore throat, or from homes where such diseases exist, be permitted to attend, and that no badly ventilated or overcrowded theatre, picture show, or pool room be permitted to open either day or night.

Theatres are limited to their seating capacities and the managers must eject persons coughing and sneezing. Ministers must see that their churches are not overcrowded. The school authorities must exclude children or scholars with colds. The local health board is empowered to enforce these measures and are required to re-establish the ban on any firm, corporation or person violating the above provisions.

All doctors of the county are cordially requested to advise their patrons to withhold their children from any home where there is an infected case.

On November 4th, the county reported the total number of influenza cases as 2367, deaths 37, number then under treatment 352, new cases in the previous 48 hours, 59. On Nov. 11th, 2827 cases were reported, 47 deaths, cases under treatment 159, and 28 new cases reported in the previous 48 hours. With a thorough, complete co-operation of all citizens, as well as physicians, we may soon be able to exterminate this epidemic.

The above report was signed by Dr. J. A. Phelps, county health officer, and Edwin Cook Rice, chairman of the Council of Defense Committee, and sent to the State Board of Health.

CAYCE NEWS.

The greatest day in the history of the world was ushered in Monday morning by the ringing of bells, firing of guns and joyful shouts of this little village. The school opened but neither the children nor teachers could settle down to lessons, so they paraded the streets singing patriotic songs. They gave a yell that just fitted the occasion and used it to the limit. In the evening we had a prayer and Thanksgiving service at the church in which every one took part. Rev. W. T. Holly conducted the religious service. Prof. Mitchell gave us a good talk. Miss Allie Richardson acted as Goddess of Liberty. The children marched around her saluting as they passed. We had some special songs and everyone enjoyed the singing. November 11th is a day that will never be forgotten.—J. F. McClellan hurt himself Thursday trying to pass a train. He fell from the coupling with his whole weight on the railroad iron tearing the muscles loose in his side. It was a painful hurt, but not serious. We hope he may soon be out again.

City Council, please take notice, as hopping trains is against the city rule.—Mr. and Mrs. Charley Bondurant and children motored over to Fulton Friday.—Mrs. E. A. Mayfield and children and Mrs. Fannie Jones spent Wednesday with Mrs. Martin Bondurant.—Miss Minnie Collins came Wednesday. We understand she has bought the Fannie Murchison place and expects to live with us again.—Born to Mr. and Mrs. Will McGee on the 11th, a baby girl.—Mrs. Ruth Cloys returned Thursday from Piggot, Ark.—E. A. Mayfield left Saturday for Des Moines, Iowa, for a visit and expects to remain a while and work. We expect him back shortly.—Mr. Joe Nailing came in Saturday for a visit to home folks.—Mrs. Bob Powell spent Saturday with Mr. and Mrs. E. A. Mayfield.—Mrs. Jim Ammons spent a few days this week with Mr. and Mrs. Roy Wade.—Mrs. Christine Bolden left Saturday for her home in Memphis.—Our school is opened again, but without Mr. J. C. Sugg. We are very sorry that he and the children are sick and hope they may soon be with us again.—Quite a number from here attended service at Ebenezer Sunday afternoon.—Mr. and Mrs. Talmage Corn were the guests of their parents, Mr. and Mrs. Joe Asbel Saturday and Sunday.—Mr. and Mrs. Wesley Ethridge spent Sunday with Mr. and Mrs. Will Taylor and family.—Miss Jessie Campbell has returned home after a week's visit with Mrs. John Tyler of near Fulton.—Mrs. Mahala Cornwell of Moscow was the Sunday guest of her sister, Mrs. Will Taylor.—Miss Alice Cook returned to her home Sunday after a visit of two weeks with Mrs. Annie Oliver and family of Fulton.—Mrs. Tom White spent Tuesday with her sister, Mrs. George Menese.

The following letter was received this week by Mrs. Etta Nailing, of Cayce:

"I left France and the 28th Infantry on August 19th to return to this country as an instructor, landing September 10th. I immediately caught the 'flu' and so haven't been able to write sooner of the splendid work you son is doing in France. His cheerfulness, courage and willingness have always been noticeable, and you, as well as America, may be very proud of him. I am glad to pay this tribute as his old officer. Very sincerely,—Lieut. John N. Stone."

United War Work Campaign Program

The campaign begins on Monday morning, November 11, and ends at midnight on Monday, November 18. As approved by representatives of the Government at Washington the money raised will be divided as follows:

Y. M. C. A.	58.65%
Y. W. C. A.	8.80%
National Catholic War Council (including Knights of Columbus)	17.60%
War Camp Community Service	8.80%
Jewish Welfare Board	2.05%
American Library Association	2.05%
Salvation Army	2.05%

Any surplus will be divided pro-rata.

RUN CARS WITHOUT BATTERY

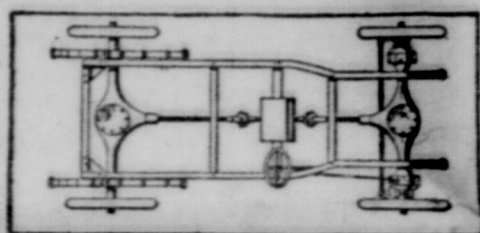

Engine Will Have to Be Operated at Fairly Good Speed, But Is Better Than Nothing.

In many makes of cars using battery ignition it is possible to keep the car running without the use of the battery. The systems referred to are those in which the generator feeds the load above a certain engine speed, the battery being used merely for car speeds under 15 miles per hour. If the battery should fail the engine cannot be started in the regular way, but once started by means of a tow or by running down hill, it can be kept running. Of course this means that the starter cannot be used and that the engine will have to be operated at a fairly good rate of speed, but then this is better than not running at all.

PLAY IN SHAFT IS OVERCOME

Spring End Bearings Placed at Each End Solve Problem—Vibration Is Eliminated.

The drive shaft on an automobile was provided with universal joints that permitted a free lengthwise motion of the shaft, this occurring when the car was fully loaded. After a little while the inner portion of the joint housing became slightly worn, and it

Automobile Drive Shaft Floats Between Coil Springs at Its End.

was not long before the shaft was sliding back and forth continuously. A spring was placed, at each end of the shaft, as shown in the sketch, and this solved the problem, says Popular Mechanics Magazine. The shaft thus continually floats between the two springs, and the rear-joint housing is the only part that moves when the car is loaded. Vibration is wholly eliminated.

AUTOMOBILE INDUSTRY IS HIT

Estimated That at Least 60,000 Men Are Now in Service, Wearing Khaki or Blue.

It is estimated that at least 60,000 men who were employed in the automobile and allied industries at this time last year are now in the service of Uncle Sam, either wearing the khaki and blue of the army and navy or engaged in the production of war material and military equipment. The department of labor says the automobile and allied trades has lost a higher percentage of employees than any other industry. The decrease in the number of workers in January was more than one-tenth of the total number employed during the previous month, according to the statement quoted.

TO REMEDY VALVE TROUBLES

Where Proper Opening Is Lost on Account of Constant Hammering Drill Hole in Stem.

It frequently happens that the valves become short in the stem from constant hammering and if the tappets are not adjustable, proper valve opening is lost. To remedy this condition drill a small hole up the valve stem and file a steel peg that may be driven tightly into this hole. Drill and countersink a hole through a piece of steel strip and rivet it into the stem by means of the projecting bit of steel pin. Trim off the job with a file. Another way to the same end is to drill and tap a small hole up the stem and screw in it a small steel bolt.

Wire Wheel Inspection. Wire wheels are usually installed over false hubs and locked in position by lock nuts. It is advisable to inspect these lock nuts frequently and tighten same. If wheel becomes loose on the false hub it will creak and in time injure the fittings.

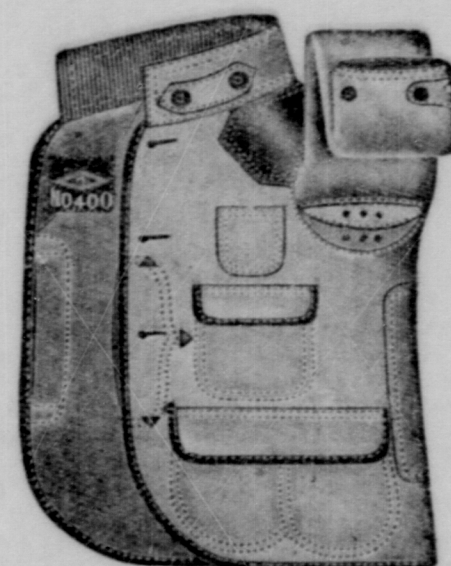

Clarence Pollock, who has pneumonia, is said to be very low this morning.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Five Bottles of Cardui
Made Her Well.**

Kathleen, Fla.—Mrs. Dallas Paine, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles. After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

**A WALLED CITY
OF WOMEN**

A little sunny village has grown up inside a high wall in France within the last year. Its square flat houses stand in straight even rows and along one side of the city wall is a long dormitory for single women. There are many more of them than of the families in the drab little houses. The village is full of women—old, young, middle-aged—whose faces, hands and hair slowly are turning yellow from the powder which it is said will eventually affect their lungs. But most of them are refugees and the fact that they are giving up their good looks, their health, and perhaps their lives in the munition factory, is of little moment to them. They have come into the walled town from ruined villages and devastated farms with their frightened little children, their despairing old people, carrying all their earthly possessions in tiny bundles. In their individual lives there is no future; in all their world there is no interest but the conquest of the Hun.

No one comes into this little war community that centers around the big new munitions plant but those who work. Because of the danger and the blighting yellow powder, the work is highly paid and all the workers are volunteers.

The women wear overalls or apron dresses, some of black sateen, some nondescript. The dull garb harmonizes with the yellowing faces and despairing eyes.

Into this modern walled city of despair the Blue Triangle has dashed the first message of hope. The Y. W. C. A. foyer is the only recreational center within reach. The cars which find cafes at the end of the line a mile away, stop running at seven o'clock to save fuel. The city is three miles from the factory.

"My problem," writes the Y. W. C. A. secretary in charge, "is to keep the women occupied in the evenings, to give them good healthy amusement so that they will forget their sorrows and go to bed and sleep, physically tired out from playing."

She goes on to tell of some of the women and girls who come to the foyer:

"There is a pretty little round, rosy-cheeked girl here who is just beginning to show the effects of the powder. The roots of her hair and her forehead are a pale yellow. The palms of her hands are a deep burnt orange and her hands and arms a bright yellow."

"There is an ex-professional dancer, an interesting girl who enjoys the foyer and helps entertain the other girls. There is a professional pianist who does her bit at the noon and evening hours. There is one rough-and-ready girl who speaks English, whose father was an innkeeper in northern France. There is a pretty little girl who is engaged to a French soldier who still is rejoicing over the five minutes she had with him recently during an air raid. His mother is the caretaker here and he is one of six sons in the war. Two of them are German military prisoners, two are civil prisoners in the trenches. Her home in the north of France was destroyed and she escaped with a small bundle of such things as she could carry in her hands."

"There is a sweet-faced girl who was a lacemaker in Valenciennes, who came direct to us from the German-ruled section after a hard experience in getting away."

These are the women the Blue Triangle is helping to forget—perhaps only for an hour at a time—the horrors that have blackened their heartstones and darkened the world.

"My foyer," the secretary writes, "consists of a hall and two large rooms with cement floors. One has a writing table and paper, pens and ink, sewing machines, a cupboard with tea-cups in it, a large table with papers and magazines, easy chairs and my desk. The other room has a piano, more tables, chairs, ironing boards and a Victrola. There are unframed French pictures and American and French war posters around the room. The walls are painted gray and white."

Saturday evenings they sing and dance. "First they have a chorus," writes the secretary, "such as 'Le Reve' or 'The Hymn des Aviateurs' or something equally thrilling, and at the final notes of triumph a voice at my ears begs, 'Un polka, mess.' The polka finished, there is a call for the 'Hymne Americain' and we sing the 'Star-Spangled Banner.' (Le Drapeau Etrole) in two languages."

These foyers have been established in several munition centers in France. Each one has a cafeteria, a recreation hall and rooms fitted up as rest rooms, writing and sewing rooms. At night these rooms are filled with French girls learning English, book-keeping or stenography, that they may work in the offices of the American Expeditionary Forces. In connection with each is a large recreation field or park.

At the request of the French ministry of war the Young Women's Christian association has opened club-rooms for the sixteen thousand French women employed in the offices of the war department.

So successful has been the foyer work in France that a call has come from England to the American Y. W. C. A. to bring its Blue Triangle huts and foyers across the channel. The English Y. W. C. A. has established centers for munitions workers on a smaller scale, but after inspection of the American work in France the four English representatives to the Allies' Women's congress in Paris in August, officially requested that the American Y. W. C. A. undertake similar work in England.

FORMER HICKMANITE**"Ted" Wearn, Son of Jas. C. Wearn,
Dies at Charlotte, N. C.**

Lucille Powell Wearn, son of Mr. and Mrs. James C. Wearn, of 400 West Eighth street, died last evening at 6:45 o'clock after an illness of three or four years. He was familiarly known by his associates and friends as "Ted" Wearn.

He was born at Hickman, Ky., February 18, 1898. He came to Charlotte in 1903, his occupation that of erecting engineer. He was well known here. He is survived by his parents, also one brother, and four sisters, the latter Mesdames Horace Drennon and W. E. Shatto, of Toledo, Ohio; Mrs. W. E. Harwood, of Granite City, Ill., and Mrs. A. M. Stenhouse, of Charlotte. The funeral services will be conducted at the grave this afternoon at 4 o'clock by Rev. Z. E. Barnhardt, pastor of Tryon Street Methodist church.—From Charlotte Daily Observer, Nov. 6, 1918.

PLENTY OF PROOF.**From People You Know—From Hickman Citizens.**

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Hickman, of people who can be seen at any time. Read the following case of Dr. J. W. Swift, 704 Cabell St., Hickman, Ky.:

"A short time ago my back and kidneys gave me a great deal of trouble. My kidney trouble was brought on, I think, by sitting down too much and when a friend recommended Doan's Kidney Pills to me. I bought a box at Cowgill's Drug Store. I used a box and a half and was cured of all trouble with my back and kidneys."

Official reports on the visible supply of whiskey state that it is fast disappearing, and that the price of the commodity goes up as the scarcity of it appears. GOOD MAN GONE.**James Bivens Dies of Brain Trouble
at Bolivar, Tenn., Thursday.**

James Bivens, age about 65 years and a former resident of this city, died at the State sanitarium at Bolivar, Tenn., Thursday, following a short illness of brain trouble. In fact, he had been sent to this institution only about three weeks ago. He had been making his home with his daughter, Mrs. Roy Provow, near Union City.

Decased resided at Hickman a good many years, working for the Meigel Box Co. When the company started its factory here—then in a very modest way—he was one of the original employees. He came to Hickman from Trimble, Tenn.

Besides his wife, Mr. Bivens is survived by the following children: Mrs. Roxie Provow, of Union City; Frank Bivens, of St. Louis; Tom Bivens, a soldier in France; and one smaller child, whose name we failed to learn. He was a valued member of the Odd Fellows lodge at Hickman, and his body was laid to rest with the honors of the order, at Brownsville Sunday afternoon. Those who knew him best say that Mr. Bivens was an honorable, upright gentleman, possessing many virtues.

DON'T SAVE TOO MUCH.

The man or woman who throughout life saves for a rainy day becomes unduly afraid of poverty. Such a dread is one of the most dangerous things in the world, because while money and land accumulate, the heart and soul becomes bankrupt. Broad fertile fields and a fat bank account are wonderfully attractive before one has reached middle age, because they represent the chance to travel and to live luxuriously. If the young man and his wife pass well beyond middle life working hard to attain wealth, the chances are that when wealth comes they will not be able to enjoy it. Maternal wealth is only worth while when the heart and soul have become rich at the same time.

There is a story told of a man who grew prosperous on his wide acres. He decided at 60 to see the world. Leaving his affairs in the hands of a competent banker in a neighboring town, he went to New York on the first leg of his journey. At the end of a week he was back at the bank to shake his head and say: "It ain't a bit of use. I don't know a darn thing but just making money."

People of fastidious tastes favor the Hickman Drug Company's soda fountain. There's a reason.

BIG DRIVE ON.

War Work Campaign Parade was Fine.
Your Dollars Needed.

The United War Work Campaign opened here Saturday with a "volunteer day," and public-spirited, patriotic citizens of our town and community marched up and planked down something in excess of \$3,500 on that day. This gave the movement impetus—a nucleus—and contributions have poured in steadily all week. Our quota (the county) is \$15,000, but we will have a great deficit and everyone must give something to help go over the top.

The parade Saturday morning under the supervision of Mrs. A. O. Caruthers and her associates, is said to have been one of the best ever seen here. Dr. J. M. Hubbard, in uniform, and four Boy Scouts, all mounted, led the procession. Beautiful floats, typifying the seven organizations in the united work, were in line, as were also many beautifully decorated cars. After the parade a musical program was rendered, the crowd joining in the singing of patriotic songs. A mixed quartette, composed of Mesdames H. L. Amberg and J. M. Calvin, and Rev. E. L. Milley and choirster Ramsey, sang "Just Before the Battle, Mother." The great audience almost in its entirety was moved to tears and the chorus was repeated again and again. Rev. Jones, of Paducah, was the speaker for this occasion and made an impressive appeal in the interest of the war work.

The public was then invited to the booth, where the ladies received voluntary subscriptions—and the "long green" poured in.

"Victory Boys and Girls" were also on the job. The former turned in \$306.20 and the latter \$54. Allen Aiken Walker (son of Mort Walker and wife) led all the victory forces in the amount of collections. He turned in \$15—and received three "ace" badges. These young people are doing a splendid work, and Rev. Milley, their county chairman, is mailing circular letters this week to all teachers and lady chairmen of school districts, asking for their full co-operation.

Remember, this drive ends next Saturday. Don't let the good peace news deter you in subscribing to the cause. The funds are still badly needed; as it will require months to get the boys back home. In the interim they must be provided with the necessary comforts of life. Be a good sport—show your appreciation of the great victory—by doubling your all in it.

ANNUAL MEETING OF RED CROSS

Please take notice that the Annual Meeting of the Hickman Chapter of the American National Red Cross will be held on Wednesday, November 20th, 1918, at 7:30 o'clock of said day at the Court House for the election of an Executive Committee, consideration of and action upon reports, and transaction of such other business as may properly come before the Chapter. Each member of the Chapter is earnestly urged to be present.

McNEILL ON RELIEF BOARD.

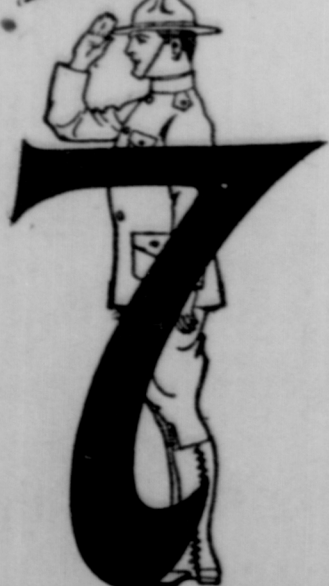

There's a new constellation among the stars of the Great Lakes service flag and all blue stars—navy blue. It's a group of bluejacket plectides, seven of them, none missing, all legal lights, now shining in the Administration building in the office of Robert P. Getty, aid for information to Commandant Moffett.

The seven were just plain "gobs" in training until today. They have been made chief petty officers and given charge of the adjustment of personal legal matters which pertain to their fellow bluejackets in their relationship to the navy. As "trouble shooters" they are straightening out no end of tangles and personal problems and the new department is a success.

The reason is the fact that these particular legal stars, back in civilian life, were state's attorneys, prominent practitioners and such.

Dee L. McNeill was state's attorney for Fulton county, Kentucky. His home is in Hickman, Ky. (Six other names omitted).—Chicago American.

KILLED IN ACTION.

Corporal Clarence Kimes, Formerly of
Hickman, Victim of Hun Bullets.

Corporal Clarence F. Kimes was killed in action somewhere in France on Sept. 29, according to advices from the War Department.

Clarence Kimes was well known in Hickman, being formerly engaged in farming near this city. He was the son of Harry J. Kimes, now residing at Friendship, Tenn. He volunteered for service in the infantry July 17, 1917, and went overseas about Aug. 1, this year. A letter written by him two days before his death stated that he was on the firing line. He was 30 years old and unmarried. Besides his father he leaves two brothers—Harry and Ernest Kimes—also two half brothers and two half sisters. We understand he carried a \$10,000 War insurance policy payable to his father.

The news of Corp. Kimes' death is received with deep regret by his many friends. It is to be hoped that he will be the last Fulton county boy whose star on the flag of honor must be gilded with gold.

BRING HIM HOME CLEAN AS HE LEFT

HE GOES OVER THE TOP FOR YOU—

NOW GO TO THE BOTTOM FOR HIM!

H. C. Amberg, one of Hickman's pioneer citizens and former business men, is in town this week visiting friends and relatives. Mr. Amberg is en route to Memphis from Ohio, where he has been receiving medical treatment; but he is looking the picture of health.

The casualty list of Monday carried the name of Hugh A. Cloys, a Fulton boy, who was reported to have died of disease—somewhere in France.

John W. Harper writes the home folks that he was one of 35,000 sailors from the Great Lakes Training Station given liberty to go to Chicago, Monday, and participate in the great peace celebration—which lasted 24 hours.

Otis King, 16-year-old son of Sheriff J. O. King, died at Charleston, Mo., last week. Mr. King is well known here, being a former resident of Dorena.

USEFUL GIFTS

It hasn't been many years ago since it was the general custom to choose gifts regardless of their utility or real merit. Consequently each year a great many gifts found their way into bureau drawers to lie there unused and unwanted.

Now, foolish presents are banned by the Government. Useful, practical gifts are the order of the day. Everyone should give presents that are of real use and value, thus keeping up the true spirit of a war-time Christmas.

Fulton county and all territory within a radius of 150 miles of Hickman is in the 1st and 2nd zones and the old rate of \$1.50 a year applies. If you live more than 150 miles from Hickman, it will be well, before remitting, to ask your postmaster what zone Hickman is in, and apply your rate accordingly; otherwise, if you send \$1.50, we will give you credit based on your zone rate.

BAN IS LIFTED.

Health Authorities Lift the Lid on Flu Ban Saturday.

The Spanish influenza epidemic has subsided sufficiently to warrant the county health authorities in lifting the lid on the quarantine against all public gatherings, which has been in force for the past three weeks. The ban was lifted Saturday.

All churches and Sunday schools held their regular services Sunday. Public schools of the county also started up again Monday. The number of deaths during the past week has diminished greatly and the outlook for the complete abatement of the epidemic is encouraging.

WILL WED TONIGHT.

Mr. and Mrs. J. W. Flynn, late of Hickman, announce the marriage of their daughter, Kayte, to Porter Cushman, Thursday evening, Nov. 14, the wedding to take place at the home of the bride, 348 Twenty-fifth avenue, Nashville, Tenn.

Fire shovels, stove pipe, elbows, etc., at Betterworth's.

Now let's get down to business.

NEXT GOVERNOR.

James D. Black Will Succeed A. O. Stanley as Ky. Executive

When Gov. A. O. Stanley, of Henderson, is sworn in as a member of the United States Senate, the chief executive of the State of Kentucky will be Lieut. Gov. James D. Black, of Barbourville.

Lieut. Gov. Black will serve as Governor until December, 1919, when Gov. Stanley's term expires. Although hailing from a district that is Republican, Lieut. Gov. Black is one of the clearest men and strongest assets in the Democratic party. In the close race in 1915 he ran far ahead of the Democratic ticket and was generally credited with carrying the ticket to victory.

WILL RE-OPEN CAFE.

Ernest M. (Dan) Crenson expects to embark in the cafe business in Hickman, and will open at the old Hickman Cafe stand on Clinton street. If his goods and fixtures arrive in time, he will be open for business this week.

Mr. Crenson was employed by Cowdell's Drug store for several years; is an old Hickman boy and has many friends. If popularity and business ability count—Dan should make a success of his new venture.

SMALL FARMS FOR SALE.

No. 100—A good small farm of 32-33 acres, 6 miles from Hickman on Dyersburg road. 40 acres in cultivation, nice 6-room residence, cistern, spring, pond; 100 bearing fruit trees, berries, etc. All in red clover except 8 acres. Locust patch with plenty of post timber and all place under good fence. On rural route and telephone line. Price \$70 an acre; half cash, balance to suit.

No. 101—This place is on the same road as above farm but half mile south. Deed calls for 40 acres, but a survey shows 53 acres; practically all in cultivation. Good 5-room house, smoke house, potato house, big double log barn shedded all round; 3 cisterns; 125 bearing fruit trees, strawbe-rry patch, grapes, etc. Here is a good investment for the man who wants a small place. Price and terms same as above.

For further information, apply to this office. 10-1p.

Now that the war is a thing of the past, we may look for our boys to begin returning home ere long. When they arrive and ask us "what have you done to win the war? What sacrifice have you made? Why were you not in uniform?" If you can say in answer, "We bought a Liberty Bond," they will say, "What else did you do?" We say, "We helped the Red Cross, and Y. M. C. A. and we worked at home that you might have the best of everything to eat, and the warmest of everything to wear, and denied ourselves of sugar and flour-bread, and did our best to help." Then your excuse will be accepted. Otherwise you will be looked upon as a slacker. There are untold possibilities ahead of us.

Of course, we've all noticed that fact that we haven't as many practicing physicians here as before the war; but had you ever thought about attorneys? This fact is quite apparent to those who have sought aid in filling out questionnaires—as only four are now available for that purpose. They are B. E. Davis, F. S. Moore, S. D. Stenbridge and W. B. Amberg. Judge Stahr is a member of the Local Board and disqualified; County Attorney McNeill is in training at Great Lakes; T. R. Powell is with the department of justice in Arizona; Walter J. McMurry is in the coast artillery at Ft. Monroe, Va.; and M. B. Shaw is with the General Electric Co. at St. Louis. Before the war all these gentlemen were located and practiced in Hickman.

The Courier is not up to standard this week—we know it—but our force has had to celebrate a little. Its only one in a life-time that such good news, as the ending of the great war, comes.

SCHOOL NOTES.

Interesting School Items by Miss Virginia Luten, Co. Supt.

Our schools have opened after being closed twenty-four school days on account of influenza. It will require a great effort and intensive work to complete the work to be done this school year by the end of the term. Under the law teachers are not required to make up the time during which the schools are closed by the Board of Health, and we are not asking any of them to do it as we know that many of them were at considerable expense during the suspension and others have made plans for re-entering school as soon as the term closes, however, some of the teachers that have not been put to any very great inconvenience have volunteered to teach some extra days at the end of the term in order that the pupils may be able to complete the year's work satisfactorily. We will not observe all of the legal holidays that come within the remainder of the term and endeavor in every way to have the schools finish the full year's work. The examination for seventh and eighth grade pupils will be held at the one-room schools Nov. 21st and 22nd.

We are, of course, to continue our War Savings Societies in the schools and in a short time all schools will be called upon for a report of the stamps bought by the children.

Mr. D. H. Miller, of Caneyville, Ky., has been elected to teach in the Hickman High School.

Miss Helen Evans has accepted a position in the Crutchfield High School.

SUBJECT OF PEACE.

Benjamin Franklin: There never was a good war or a bad peace.

George Washington: My first wish is to see the whole world at peace, and the inhabitants of it as one band of brothers, striving, which should most contribute to the happiness of mankind.

William Ellery Channing: The doctrine that violence, oppression, inhumanity, is an essential element of society, is so revolting that, did I believe it, I would say, let society perish, let man and his works be swept away, and the earth be abandoned to the brutes.

DISGRACEFUL DUPLICITY.

In 1897, over seventeen years before the beginning of the war, the German Kaiser offered a gold cup in a certain automobile race. The prize was won by the Fiat cars of Turin, and the cup was exhibited proudly by the winners. Its estimated value was \$10,000. The company not long since offered the cup to the government to be melted down. It was sent to the mint, and it was found that it was only a cheap gold plated cup. The company withdrew the gift and gave \$10,000 in its place. But why should we be surprised at anything the Kaiser might do.

THE EXCEPTION.

It was married men's night at the revival meeting.

"Let all you husbands who have troubles on your minds stand up!" shouted the emotional preacher, at the height of his spasm.

Instantly every man in the church rose to his feet except one.

Coming out at his lone sister, who occupied a seat near the door and apart from the others; "You are one in a million."

"It ain't that," called back this one helplessly, as the rest of the congregation turned to gaze suspiciously at him. "I can't get up; I'm paralyzed!"

The skunk, unlike the rose, is said to be better appreciated by another name. When buyers want his fur, they advertise for "Skunk hides." When the town boys find him on a possum hunt they call him "Mr. Polecat." When the young lady gets the fussy fur around her pretty neck he becomes "the Kamehatka wild-cat." But his real scientific American name is, "Americanius simplici horribilious."

WAR ENDS!!

(Continued from first page)

of it. And now, having clipped the military autonomy of its fangs, the associated governments will wait for the next thirty days, while the terms of the armistice are being carried out, to see what sort of a government in Germany they will have to deal with.

In his address to Congress Monday the president sounded a note of warning, that unless the German people are fed, unless their distress is relieved, there is danger of Bolshevism. The question of what sort of government might arise to make peace, he declared, was a matter for no small anxiety and misgiving.

An assemblage of senators and representatives with cabinet officers, diplomats and supreme court justices heard the president read the terms of the armistice and deliver his address in the hall of the House, where 19 months ago they heard him ask for the declaration of war.

Modify Classification Orders.

By order of Secretary Baker, the provost marshal general directed local and district boards to "continue to completion as expeditiously as possible the classification of all registrants who, on Sept. 12, had attained their nineteenth, and had not attained their thirty-seventh birthday." The boards also were directed at the earliest appropriate moment to issue questionnaires to all 18-year-old youths, who registered September 12, and to complete their classification as early as possible.

General Crowder, however, directed the boards to discontinue immediately "all work connected with the classification of men who, on Sept. 12, had attained their thirty-seventh birthday and had not attained their forty-sixth birthday."

It also was specifically announced that nothing in the cancellation of the calls shall operate to relieve from the consequences of his acts any registrant who has, heretofore, become delinquent or deserted.

Germany's Rise and Fall.

The German empire, which now appears to be rapidly disintegrating as a result of the revolution, was established January 1, 1871, by the states of the German Confederacy. It was a direct result of the Franco-Prussian war, in which Prussia was aided by the other states.

The first movement toward establishment of the empire was made by the king of Bavaria, who, in a letter to the king of Saxony, on Dec. 4, 1870, proposed that the king of Prussia be nominated as the emperor of Germany.

The empire was founded on conclusion of treaties between the North German confederation and the grand duchies of Baden and Hesse (Nov. 15, 1870), the king of Bavaria (Nov. 23, 1870) and the kingdom of Württemberg (Nov. 25, 1870), and was ratified Jan. 29, 1871, at Versailles, near Paris.

The North German confederation, formed in 1866 at the invitation of the king of Prussia, included Prussia, Saxony, Mecklenburg, Brunswick, Saxony-Altenburg, Saxe-Coburg-Gotha, Anhalt, the two Schwarzburgs, Waldeck, Lippe, Lubeck, Bremen, Hamburg, the two Mecklenburgs, Hesse, Saxe-Meiningen and Saxony.

The first chancellor was Prince Otto von Bismarck, who assumed office in May, 1871, and resigned in March, 1890.

William I died March 9, 1888. He was succeeded by his son, Frederick III. The latter died on June 15 of the same year, as the result of a cancer of the larynx. He was succeeded by William II, the monarch who is held responsible for the great war.

Ancient Germany successfully resisted the Romans in the third century. In the latter part of the eighth century Charlemagne subdued the Saxons and was crowned emperor. At the extinction of the family, in 1911, the empire became elective and was subsequently obtained by the House of Hapsburg (from 1437 to 1804). The confederation of the Rhine was formed in 1806, the German confederation in 1815 and the North German confederation in 1866.

The War's Finale.

The next step is to arrange the final terms of peace and to bring our boys back home. The war thus comes to an end; for having accepted these terms of armistice, it will be impossible for the German command to renew it. It is not now possible to assess the consequences of this great consummation. We know only that this tragical war, whose consuming flame swept from one nation to another until all the world was on fire, is at an end and that it was the privilege of our own people to enter it at its most critical juncture in such fashion and with such force as to contribute in a way of which we are all deeply proud of the great result. We know, too, that the object of the war is attained: the object upon which all free men had set their hearts; and attained with a sweeping completeness which even now we do not realize.

What ATHENA Underwear Means to Women

YOU who have never worn ATHENA Underwear cannot realize what comfort you are missing.

If you are an outdoor woman—a devotee of golf, tennis, horseback riding—you will revel in the freedom of body movement afforded by ATHENA.

And if you are the opposite type, ATHENA, with its "all-over" comfort, its pleasing daintiness, will delight you in equal measure.

ATHENA UNDERWEAR FOR WOMEN AND CHILDREN

ATHENA is entirely different from the ordinary underwear which must be stretched into shape.

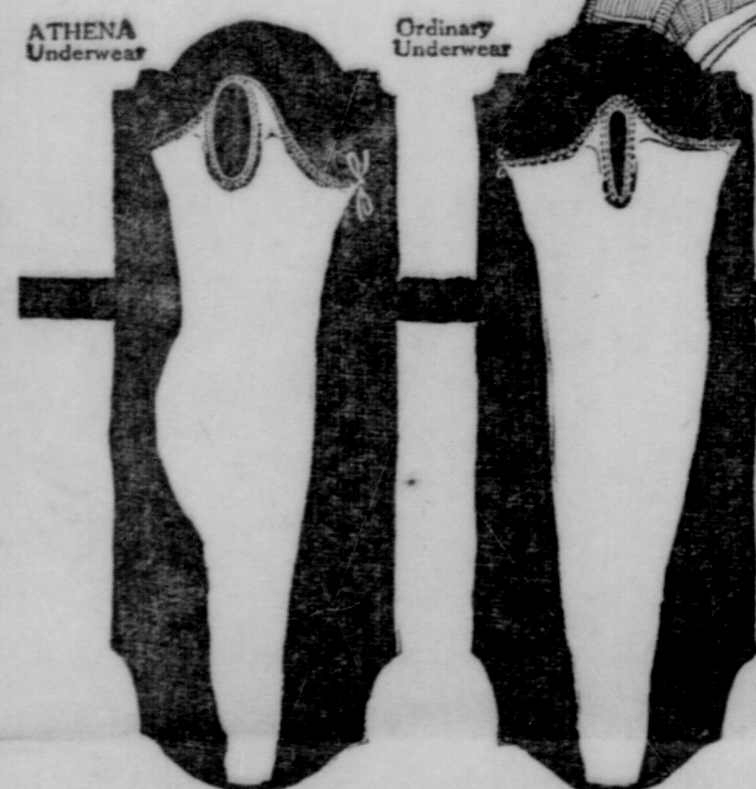

It is tailored in the making to conform to the lines of your figure.

All ATHENA garments are made full over the bust and narrow across the back. Sloping shoulders and sleeves take the natural shape of body and arms.

The curved-cut armhole brings the garment snugly up under the arms.

All weights, sizes and qualities at the prices you pay for ordinary underwear.

KING FARMS SOLD.

Master Commissioner W. B. Amberg sold at auction Monday the A. N. King (deceased) farms near Hickman; the sale being ordered by the court as a result of litigation among the heirs.

The farm known as the "home place" containing 156 acres, sold for \$17,800. The other tract, 173 acres, brought \$7,500. Both places were bid in by Mrs. W. H. Rice.

Dick Cunningham and John Hunt were here from Tiptonville one day last week.

APPEALS TO HOME FOLKS.

John Harper, stationed at Camp Dewey, Great Lakes, Ills., writes us as follows:

"Editors Courier: I am writing you in the interest of the Y. M. C. A. and I want you to speak a good word for the work of the Navy Y. M. C. A. on this station together with the other Ys. They have the best sort of entertainments for us, in the shape of movies, boxing events and athletics of all kinds.

"Their huts, of which there are 22 on this station, are our homes when off duty, and believe me we surely appreciate the chance to write letters to the home folks in them. We also enjoy good music, have entertaining games and good wholesome reading matter and enjoy a thousand and one little privileges that a fellow appreciates when he needs a friend.

"The Navy Y. M. C. A. has proved a friend to the boys in the recent 'flu' epidemic also, and many are the lads who will remember what they did for us. Now I wish the old home paper would print this letter and ask the home folks not to forget the 'Y' when their financial campaign opens shortly. They will work with the K. Cs., War Work, Community, Y. W. C. A., Salvation Army, American Library Association and the Jewish Welfare people for a common fund, and it will all be for the boys in the camps.

"I like what I have seen of navy life fine but am very anxious to get aboard ship and be in active service. Great Lakes is certainly a nice station as well as the largest one on the globe. I must mention eats, or rather, chow, of which we get plenty and the best of it too, but as in all other camps we have the 15-hour day also. I get the Courier from home each week and enjoy reading it very much."

LUTHER SMITH DEAD.

Luther Smith, residing in the vicinity of Miller, in the west end of the county, died Saturday night, after a short illness of influenza. He was about 23 years old, married and survived by his wife. He was a son of Jake Smith, who buried his wife about ten days ago.

Funeral and burial occurred at Beech Grove, Sunday.

On each War Work Campaign pledge card is a space for giving in the amount of bonds and stamps you have purchased. The cards will be turned over to the county historian (Miss Bess Thompson) and the names of each purchaser, together with the amounts, will be printed in the state history of the war. It will be a conclusive proof of who did, and who did not assist in the prosecution of the war.

Strayed: Black and white spotted sow, weight about 160 lbs., no marks. Left my place Tuesday night. Please notify Owens Bros., at Moscow. 1p.
